

# 10<sup>th</sup> Mountain Division Descendants K-12 Education Project

Grade Level – 9th

WWII Music

**Introduction:** The 10<sup>th</sup> Mtn. Div. Desc. K-12 Education Project was developed to help our younger members become “engaged” in the story of WWII as experienced by the 10<sup>th</sup> Mountain Division. Students will have the opportunity to complete an activity at each grade level which will help them better understand the significance of WWII and, in particular, the contributions and sacrifices made by the 10<sup>th</sup> Mtn. Div. Upon completion of each activity the student will receive an achievement certificate, a patch or medal and recognition in the Blizzard.

The story of the 10<sup>th</sup> Mtn. Div. is one that must be remembered. It is the hope that by completing these activities, their legacy will continue.

***SEMPRE AVANTI!***

**Background:** Music can be inspirational. It can lift up our spirits when we are down and can help change our mood for the better. Think about the different kinds of music you may listen to. The music and songs you listen to are probably different than the ones you listen to with your friends. At home, your parents may listen to a certain type of music and if your grandparents are still living, they probably listen to music that is different than what your parents enjoy listening to you. And what about sporting events? Are their music and songs that players listen to before games?

During WWII there were a number of songs that soldiers listened to that definitely altered their spirit and were mood changing. Sometimes the songs reminded them of home, of past memories with family and friends. Other songs lifted their spirits and gave them hope.

In this activity you will listen to a number of songs and answer a few questions for each song. You will first listen to some songs and music that many of the WWII soldiers listened to and will end with several songs written by and for the WWII 10<sup>th</sup> Mountain Division soldiers.

**Objectives:** 1) To familiarize students with several of the popular songs listened to by soldiers and civilians during WWII. 2) To familiarize students with a song and lyrics unique to the WWII 10<sup>th</sup> Mtn. Div. and the current 10<sup>th</sup> LI Divisional song. 3) to understand the role music played as a means of motivation and inspiration during WWII.

**Directions:** This activity will consist of listening to eight songs and answering questions for each. Links to the songs are provided.

Create a Word document and title it “Music of WWII and Songs of the 10<sup>th</sup>” Write the title for each of the eight songs, then number and answer the questions for each song below the title. Include your “Final Comments,” after answering all questions. When completed, at the bottom of your document, add your name and mailing address and email your Word document to [vrrios913@aol.com](mailto:vrrios913@aol.com). Or, if you prefer, you can print your document and mail to:

Val Rios  
6816 S Maple Ave  
Fresno, CA 93725

We would like to include a photo of all students who complete an activity in the next edition of the 10<sup>th</sup> Mountain Division Association newsletter, the Blizzard. Please submit a photo of yourself if you wish to have it included in the Blizzard.

### ***The White Cliffs of Dover***

<https://www.youtube.com/watch?v=Hqtaoz4QFX8>

This song was made famous by Vera Lynn, an English singer. In order to appreciate the song a little bit of history is in order. First, go to Google Earth or some other map program and look up the White Cliffs of Dover. Look at pictures of the cliffs and notice how high they are. Then notice how close France is to England. Next look up “WWII – Battle of Britain” [https://en.wikipedia.org/wiki/Battle\\_of\\_Britain](https://en.wikipedia.org/wiki/Battle_of_Britain) and read a little about it. Finally, look up “WWII – Operation Pied Piper” <https://www.washingtonpost.com/news/retropolis/wp/2018/06/19/what-world-war-iis-operation-pied-piper-taught-us-about-the-trauma-of-family-separations/> and read about it. 4. What might Operation Pied Piper have to do with the following lyrics from the song, "and Jimmy will go to sleep in his own little room again"? Explain
5. Why do you think this was a very popular song during WWII, especially for the British soldiers?

***I'll be Seeing You*** <https://www.youtube.com/watch?v=KQNnIHnHnnY>

This song was the number one song in the US for 1944. It was sung by a number of artists but two who made the song so popular were Billie Holiday and Bing Crosby. These are names you may not be familiar with but I bet your grandparents knew who they were! For a nice appreciation to the song listen to the recording by both of the above artists.

What is a bit unusual of this song is that it was enjoyed by the soldiers, it was especially appreciated and embraced by the people back at home. That is, by the family and friends of the soldiers.

1. Why do you think family members appreciated this song? Explain
2. If you had a brother or sister stationed in another country, name two places that would hold a special memory with your brother/sister? Why are these places so special to you?

The next couple of songs are less sentimental and can better be described as motivational and spirited. Listen to each song and read the lyrics. Then answer the questions below.

All the above songs were especially appreciated by the Allied soldiers. I mentioned above that Lili Marlene was also enjoyed by the Germans soldiers. Another song appreciated by the Germans, especially the soldiers in the tank units was Panzerlied.

The current age to join the service without parental consent is 18. Do you think this is too young? Why or why not?
3. What are your thoughts about women being allowed in the military?

### ***OOLA***

<https://www.youtube.com/watch?v=Z05OXX9GtE0>

Many of the first soldiers to join the WWII 10<sup>th</sup> Mountain Division came from the east coast Ivy League colleges. At that time, many of the colleges had chorus groups or clubs and singing was very much a part of college life. Before continuing I need to point out that before the 10<sup>th</sup> Mountain Division was created, the 87<sup>th</sup> Mountain Infantry Regiment was formed. Later, the 87<sup>th</sup> Regiment along with the 86<sup>th</sup> and 85<sup>th</sup> Regiments would become the 10<sup>th</sup> Mountain Division. The 87<sup>th</sup> Regiment first trained at Ft. Lewis, WA and then later at Camp Hale. While at Ft. Lewis some of the musically and chorally inclined soldiers, took some of the familiar songs of the time and changed the lyrics. They would now become the Songs of the 87<sup>th</sup> Mountain Infantry and later of the 10<sup>th</sup> Mountain Division. The songs became very popular with the soldiers both during and after the war with many of them singing the songs at reunions and other 10<sup>th</sup> gatherings. To this day, some of the living WWII 10<sup>th</sup> soldiers can be heard humming or singing these songs.

OOLA is an example of one such song. It's about a Norwegian soldier (many 10<sup>th</sup> soldiers came from Sweden and Norway). The lyrics reflect a brief history of the 10<sup>th</sup> Mountain Division beginning with the 87<sup>th</sup> Regiment at Ft. Lewis, WA and ending with the 10<sup>th</sup>

Mountain Division in Yugoslavia at the end of the WWII. Some of the places named in the song include:

**Ft. Lewis** – Located in Washington state, this was the first training grounds of the newly formed 87<sup>th</sup> Mountain Infantry

**Panorama** – A trail used for winter warfare training on the lower slope of Mt. Rainier

**Edith Creek Basin** – an area for winter warfare training on the lower slope of Mt. Rainier

**Paradise Inn** – The inn used by soldiers of the 87<sup>th</sup> Mountain Infantry while training at Ft. Lewis. Also known as Paradise Lodge.

**Pando** – The final train stop for soldiers on their way to Camp Hale.

**Mt. Belvedere (Italy)** – One of two mountains for the initial assault by the 10<sup>th</sup> Mountain Division on February 18-19, 1945. The other being Riva Ridge.

**PO River** – The very wide river in the PO valley crossed in assault boats and a few DUKW's. The 10<sup>th</sup> Mountain Division were the first of all troops in Italy to cross the PO on April 23<sup>rd</sup>, 1945.

**Caporetto** – Located in Yugoslavia (now Slovenia) soldiers of the 10<sup>th</sup> Mtn. Div. were sent to this area shortly after the end of the war in Italy to prevent hostilities between local groups.

Listen to the song. The lyrics are below.

*I'm Oola, ski-yumper from Norway brought up on Lutefisk and Sil

[Chorus]*

1. What are some of your thoughts about the song?
2. The song is about a Norwegian soldier in the 10<sup>th</sup> Mtn. Div. What do you think would be some advantages of having soldiers from different ethnic backgrounds being together?

<https://www.youtube.com/watch?v=2AJBEwCAosA>

ON OUR OWN TWO FEET,  
ALL OUR FOES WE'LL DEFEAT,  
LIGHT FIGHTERS MARCHING ON TO VICTORY.  
WE GO WHERE OTHERS DARE NOT GO,  
THROUGH THE HEAT OR COLD OR SNOW,  
WE ARE PROUD TO BE IN THE ARMY OF THE FREE.  
CLIMB TO GLORY, MOUNTAIN INFANTRY.  
CLIMB TO GLORY, MOUNTAIN INFANTRY!**
